

C&C Class Association Inaugural Meeting

Summary of Discussions/Decisions

March 28 , 2018 , Friesian Place, Bedford

1. Introductions (meet and greet)

Rod chaired the meeting and thanked the 22 attendees representing 5 of the C&C 99s in Nova Scotia for participating in the inaugural meeting. Round-table introductions.

2. Introduction of the boats by the skippers

Each skipper introduced their boat and provided a bit of background, three of us are new and have not yet sailed our boats yet.

3. Interests of the group (racing, cruising or both)

Most are interested in both cruising and racing, all indicated an interest in one-design racing to varying extents.

4. Planned events for the summer

Discussed the various events in Halifax and Chester and a list of regattas/events has been circulated to select events where there is mutual interest in some one-design racing events. Dartmouth Yacht Club and Chester Race Week have agreed to provide a one-design class start if we provide a total of 4 and 5 boats respectively.

5. Fleet discounts, sails, sponsorship, etc.

Discussed possibility of seeking fleet discounts on orders such as we worked out with Doyle (not too late if someone wants to get in on the 20% discount, contact me @ StrightR@eastlink.ca)

Once the class has matured a bit we can see if there are sponsorship opportunities and fleet discounts possible in other areas.

6. Facebook Group and website (Mike Cyr)

Rod thanked Mike Cyr on behalf of the class for all his work to date in developing the C&C 99 website and Facebook Group

C&C 99 Class Branded Apparel (interest and orders, Mike Cyr and Steve Angel)

Presently working on a discount for Class approved brand apparel clothing. Design and order arrangements on the website @ <https://goo.gl/KxA2iN>

7. C&C Class Association positions and duties

Rod Stright Equinox 2004 C&C 99 was elected as president of the C&C 99 Class Association. Other owners agreed to support Rod as requested until it is determined if additional positions are required to operate the class.

Mike Cyr was elected as webmaster and was thanked by all the effort he has put into the development of the Class Association website and Facebook Group.
